

# **Pet Hot Line**

## **A service for Dobson Ranch residents**

It's very scary to have your pet missing.

To help "capture" the runaway creatures, the Association is offering a Pet Hot Line during normal office hours at La Casita recreation center. If your pet goes missing, call the **Recreation Department at 480-831-7464** and provide the following information:

1. pet's description
2. pet's name,
3. area last seen
4. your telephone n u m b e r.

This information will be placed on a lost/found pet form and kept on hand by the recreation staff.

And if you find a pet, call the same number **(480-831-7464)** and provide:

1. a description of the found pet
2. area where pet was found
3. your telephone number.

A pet lost within the Ranch may well be "captured" in a short time if everyone is willing to place a telephone call to the Recreation Department.

By having a call center, the "lost" and the "found" can be in contact and hopefully pets will find their way back to their owners.

Of course, this is not a 24-hour a day, seven days a week center; however, the service is available during normal hours at the recreation center.
